What can families enrolling their child in Trinity High School expect?

Trinity teachers support students individually as they learn through distributed learning modules.

Trinity offers students a small, caring, understanding and welcoming school environment where students are accepted, encouraged and treated with dignity.

Less formal and structured than a traditional school. Individual learning plans are developed with student, caregivers and school.

Who would be the ideal learner to attend the Trinity 10-12 alternative program?

Students who enjoy and excel learning independently.

Students who due to work or sports commitments need the flexibility in their timetable.

Students who have difficulty attending school due to mental health conditions, such as anxiety or depression.

Students who have had gaps in attendance through the pandemic and have had a hard time re-engaging in school.

Students who have had difficulty socially engaging with peers, or who feel overwhelmed by large numbers of students in traditional classrooms and schools.

What are the expectations/requirements for students attending Trinity?

READY ~ Students need to want to be engaged in learning. It is OK if you have gaps in your education. We will meet you where you are at.

WILLING ~ Students need to be committed to attending or meeting with their teachers regularly.

ABLE ~ Students must have the reading skills, learning habits and maturity to be successful in self-paced learning.
